

# Engagement Opportunities

Carrington College teams up with our employer-partners to understand their objectives and needs so that we can provide relevant solutions. With that mission in mind, we have created a variety of engagement and educational opportunities for our partners, not only at a campus location, but available online as well.

## Support When and Where You Need It

Carrington College has a national team to support your team – wherever they are, including those who work in areas where we may not have a campus. We provide a variety of unique offerings to help support and enrich your employees through your partnership with Carrington College. We look forward to supporting your location leaders by assisting your employees.

## Your Employee Engagement Opportunities:

### TUITION SAVINGS BENEFIT

By entering into a corporate partnership with Carrington College, your employees are eligible for a tuition savings of at least 10% when they enroll for one of our upcoming program starts. Some exclusions will apply, please reach out for details.

### CUSTOM TRAINING

Carrington College can help you close your workforce skills gap! We can work with your organization to create training courses for your professional and ancillary staff, because training should not be one size fits all.

### PROFESSIONAL DEVELOPMENT/CONTINUING EDUCATION

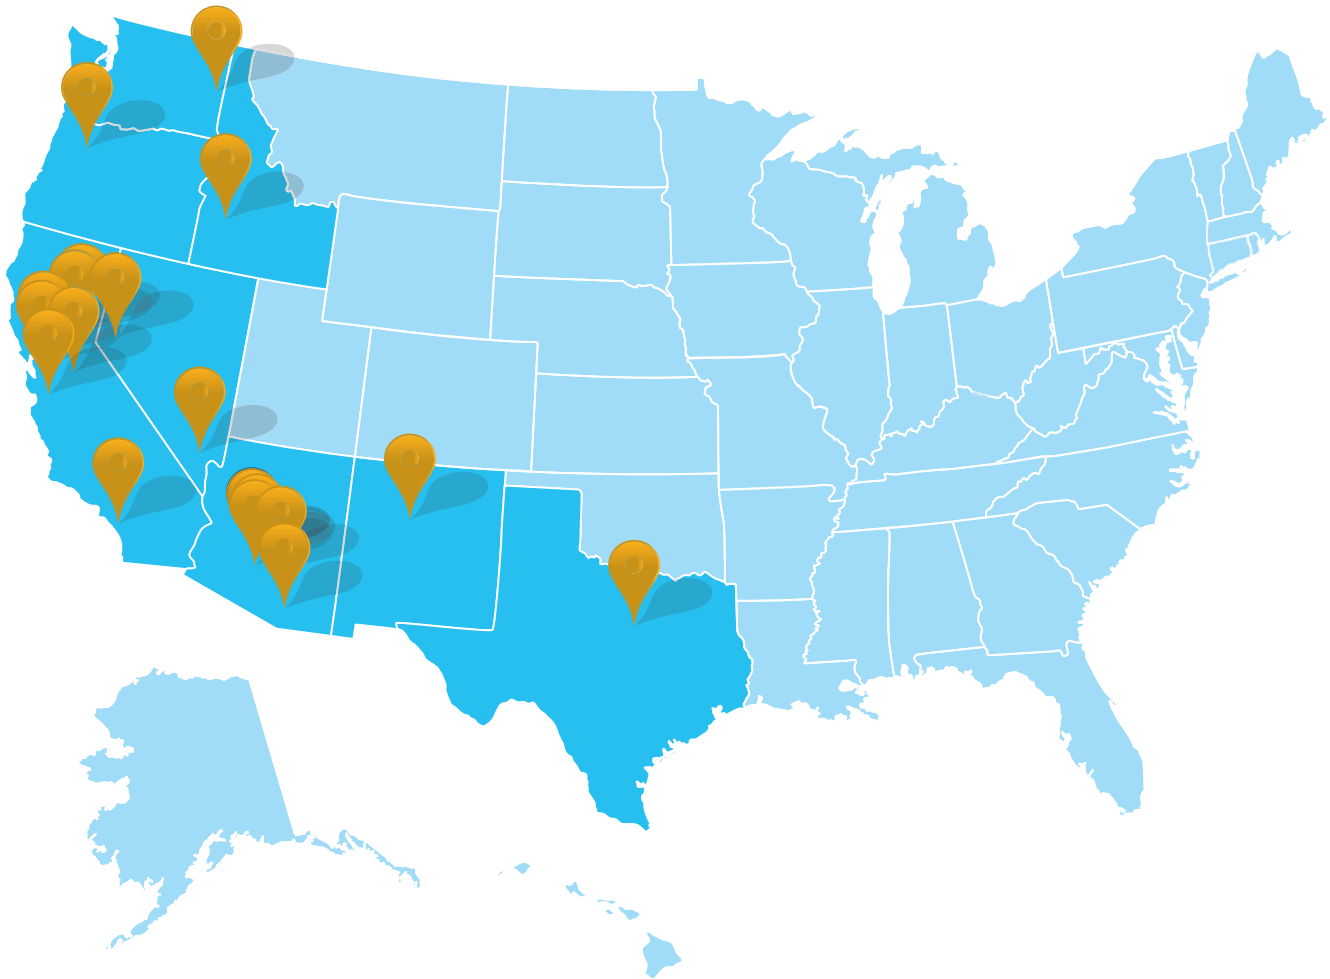

Carrington College is proud to partner with 4MedPlus who offers a variety of opportunities for professional development and continuing education. Professional development courses are available in Medical Assisting, Dental Assisting, Veterinary Technology and Medical Billing and Coding. Continuing education courses are available for Registered Nursing, Vocational Nursing and Practical Nursing. The courses are offered online, for your convenience.

## Help Your Employees Get the Skills They Need
