You're

# MADE

for This.

Albuquerque Campus

**You're Made for This.**

**No, You're Not on a Real Hospital Floor – and Thankfully so – but No One Would Fault You for Thinking That You Were.**

That's because the simulation lab at our Carrington College® Albuquerque campus is designed to look and operate like the real thing – and it does. This incredible learning system is stocked with the equipment that you will likely be using when you graduate, all in a setting so authentic you can practically hear the ambulances arriving. It's also equipped with a viewing gallery with flat-screen televisions so you can watch your classmates in action – watch them, that is, when you aren't participating in exercises yourself.

### **Begin Your Journey with Carrington College**

Our campus offers more than just instruction and practice. We provide you the opportunity to work with real patients for hands-on training you simply can't get in the classroom alone. What's more, we pride ourselves on a friendly atmosphere, shared among the students, the faculty and the public we serve. It's a great place to learn and a great place to prepare for the future. If you're in the area, please stop by and see why we are so enthusiastic about our campus.

## **Learning Made Fun.**

We offer modern facilities and equipment to help provide you an advantage when it comes to transitioning into the workforce after you have successfully completed your studies.

Just stop by and see for yourself all that Carrington College has to offer. We are conveniently located just west of I-25 on Menaul Boulevard. Our campus is specially tailored to our practical training and one-on-one interaction between instructors and students.
