You're

MADE

for This.

Reno Campus

You're Made for This.

**Classroom Learning Is Crucial to Any Education;
There's No Disputing That.**

But when it comes to some disciplines, sitting at a desk listening to lectures simply isn't enough. That's where we come in. Our Carrington College® Reno campus reflects this in every way. We offer hands-on learning tools that pick up where the books leave off, giving you real-world experience you can't find in front of a chalkboard.

Learning Made Fun

Our modern classrooms and labs provide high quality technology and equipment. These include the use of Human Patient Simulators, which are lifelike tools that help you safely practice real-world techniques that you will use on live patients throughout your career. The simulators really are amazing – and invaluable when it comes to learning.

In addition to our program offerings, we also offer the opportunity to meet one-on-one with your instructors, academic coaching and resume workshops that are available through our Career Services department.

**Rise to the Occasion with
Carrington College.**

We work continually to upgrade our facilities and equipment to help provide you an advantage when it comes to transitioning into the workforce after you have successfully completed your studies.

What's more, we pride ourselves on a friendly atmosphere, shared among the students, the faculty and the public we serve. It's a great place to learn and a great place to prepare for the future. If you're in the area, please stop by and see why we are so enthusiastic about our campus.

Our campus is located close to many of Reno's health care centers, an ideal location offering our students convenience and opportunity.
