A REAL-WORLD EXPERIENCE

Your School On Your Schedule

If you're busy and don't have time to spend five days a week on campus we have some good news...you don't have to! The Glendale Center gives you the opportunity to do your classroom work on your time, around your schedule, because the lecture portion is delivered online. You'll still have deadlines to meet and assignments that need to be turned in on time, but if you want to work on them in the evening that works for us.

Learning Made Fun

Don't worry, you'll still get plenty of face time with your instructors and classmates. Two days a week you'll come to our Center to do your hands-on training in the lab. In addition to our program offerings, you'll have the opportunity to meet one-on-one with your instructors, have access to complimentary academic coaching and resume workshops that are available through our Career Services department located at the Phoenix North campus.

A Location That Works For You

The Glendale, AZ Center is located in the Westgate City Center. It's right along major bus routes, which makes getting to class super easy. We're in the heart of the entertainment district, so you can catch a movie or an Arizona Coyotes game after class. Plus, if you show off your Carrington College Student I.D. at some local restaurants you can save up to 20%!
