

CERTIFICATE/ASSOCIATE DEGREE*

MEDICAL ADMINISTRATIVE ASSISTANT

Run The Whole Operation Stat.

Medical administrative assistants perform vital functions that keep medical offices running efficiently and keep day-to-day operations of medical facilities on track. Medical administrative assistants perform clerical functions such as answering telephones, assisting patients with paperwork, scheduling appointments and obtaining referrals.

The Carrington College® Medical Administrative Assistant† certificate and degree programs prepare students for entry-level employment in a medical or dental office or other health-related professional office setting. The program focuses on the practice of various medical office skills and equips students with the skills and knowledge required to adhere to the legal, ethical and regulatory standards of medical records management. In addition, medical terminology, introduction to anatomy, pharmacology, professional development, and the measuring of vital signs are covered. The program culminates in a Certificate of Achievement or Associate of Science degree in Medical Administrative Assistant.

According to Onet OnLine, employment for graduates in this field is expected to grow 22% from 2012-2022.‡

Duties May Include:

- Planning, directing, coordinating and supervising the delivery of health care
- Establishing and implementing policies, objectives and procedures
- Evaluating personnel and work quality
- Developing reports and budgets
- Coordinating activities
- Billing and collection
- Directing patient flow

Possible Employment Opportunities:

- Physicians offices
- Dental offices
- Residential care facilities
