

DENTAL HYGIENE

Associate Degree Program

Students in the Dental Hygiene program gain the skills and knowledge to provide comprehensive dental hygiene care. Instruction helps students develop professional communication skills with patients, colleagues and the public as well as knowledge of ethical standards and professional behavior. The program culminates in an Associate of Science degree. Graduates of the program are prepared to take the Dental Hygiene National Board and state or regional clinical licensing examinations*. Licensure qualifications may vary by state and are available from the campus program director or published in the clinical manual.
