

MEDICAL LABORATORY TECHNICIAN

Associate Degree Program

Medical laboratory technicians are critical to the delivery of medical care, providing vital patient information to direct-care providers. The Carrington College Medical Laboratory Technician program consists of 300 hours of lab instruction, providing opportunity to put what's learned in the classroom to practical use. Instruction includes learning to examine and analyze body fluids and cells, match blood types for transfusions, conduct lab tests that help in the detection, diagnosis and treatment of disease and test for drug levels. The program culminates in an Associate of Science Degree.
