PRACTICAL NURSING

Certificate of Achievement Program

The Practical Nursing program is designed to help students acquire a command of the knowledge and skills necessary to pursue entry-level employment as a licensed practical nurse under the guidance of a registered nurse or a licensed physician or dentist. Graduates are able to provide care for clients experiencing common, well-defined health problems. The program culminates in a Certificate of Achievement.

It provides a foundation for the continued learning necessary for success as a practical nurse. The program's combined academic and clinical training prepares students to take the National Council Licensure Examination for Practical Nurses (NCLEX-PN).*
