

VOCATIONAL NURSING

Certificate of Achievement / Associate Degree Program

The Vocational Nursing program is designed to help students acquire a command of the knowledge and skills necessary to pursue entry-level employment as a licensed vocational nurse under the guidance of a registered nurse or a licensed physician or dentist. Graduates are able to provide care for clients experiencing common, well-defined health problems. The program, which culminates in a Certificate of Achievement or Associate of Science degree in Vocational Nursing, combines academic and clinical training to prepare students to take the National Council Licensure Examination for Practical Nurses (NCLEX-PN).*
